

**PRESS RELEASE**  
**Mirror, Mirror on the wall...**

(ref: PJH312 – August 2009)

Moods Bathrooms, the own-brand bathroom collection from PJH Group, has launched a glamorous new range of Designer Illuminating Mirrors to complement its extensive range of bathroom products.

The **Hollywood, Vegas, Aztec and Saturn** mirrors will all add a touch of designer elegance to any bathroom, stylishly combining cutting edge design with modern practicality. The mirrors incorporate the latest technology, with infrared devices to ensure a 'no touch' operation for the highest levels in safety and ease-of-use. Simply move your hand in front of the sensor to activate the lights.

With 38 energy-efficient LED lights, the **Hollywood** illuminating Mirror (pictured) is a stunning choice, injecting mood and atmosphere into any bathroom space. Providing up to 60,000 hours of continuous use, the Hollywood features a clear border; can be mounted landscape or portrait; and is easy to install. Like all the mirrors within the range, it features a de-mister pad to ensure the mirror does not steam up and is made from 5mm PVC backed safety glass.

The range is also IP44 water-resistant rated for safety and peace of mind, meaning the mirrors have all been tested for compliance with electrical equipment regulations.

**Vegas**, with 30 LED's, features an additional ambient light at its base to cleverly illuminate the basin - and is perfect for highlighting or making a feature of contemporary brassware.

The **Aztec** and the **Saturn** mirrors feature a continuous strip of lighting around their borders, and Saturn - as expected - is a round mirror.

For further information on the new range of Designer Illuminating Mirrors from Moods Bathrooms, contact the PJH Group on freephone 0800 8 77 88 99, visit [www.thebathroomcollection.co.uk](http://www.thebathroomcollection.co.uk) or email [info@pjhgroup.com](mailto:info@pjhgroup.com)
