A new signature with Sigma

(ref: PJH344 / March 2010)

The stunning new **Sigma** Bathroom has been launched by Moods Bathrooms, the own-brand collection from the UK's largest distributor, the PJH Group.

Designer looks and wow-factor mean the Sigma bathroom suite is part of the Moods *Signature* Collection – a sub brand of Moods representative of the most exclusive designs in the entire range. Cool, contemporary and stylish, the Moods designers have ensured Sigma provides plenty of inspiration for today's discerning consumer, via a high quality finish, attention to detail and design-led looks.

Following a linear design, the Sigma bathroom perfectly blends chunky angular lines with soft interior curves for both a bold and elegant look. A good selection of sanitaryware choices means the Sigma suite can be enjoyed in many sized bathrooms, en-suites or cloakrooms. Basin options include a spacious 600x480mm basin with full or semi-pedestal; a compact 450x380mm basin with semi-pedestal; and a 600x480mm countertop basin – and the WC is available as either close coupled or wall mounted.

"Our new bathroom collection includes everything the consumer needs to create a dream bathroom and each product has been carefully chosen to complement one another. The Sigma bathroom suite sets the tone for this year's collection – sophisticated and designer-looking, yet achievable and affordable," explains Lucy Humphries, Bathroom Category Director at PJH Group.
